

# gThankYou!™ Employee Gift Certificates

## Congratulations!

You may redeem this gThankYou® Gift Certificate for any brand of one whole turkey at the grocery store of your choice.

To redeem this Certificate, present it to the clerk when you pay at your grocery store. The store will handle it like any other store coupon.

If there are questions, ask the Store Manager to call 888-484-1658.

## Congratulations!

To redeem this Certificate, present it to the clerk when you pay at your grocery store. The store will handle it like any other store coupon.

If there are questions, ask the Store Manager to call 888-484-1658.

## Cashier Instructions:

### To accept the gThankYou™ Coupons:

- gThankYou™ Gift Certificates are Manufacturer Coupons and should be handled as such.
- Turkey Certificates can be redeemed for any brand of whole turkey; Ham Certificates can be redeemed for any variety and any brand of whole or half ham (fresh, frozen, etc.)
- Cashier scans the coupon. It will be Price Required and will require Cashier Override.
- Cashier determines the value for redemption (which is the same as the retail price) and must enter it in the box on back of the coupon.
- If the price of the turkey or ham is LESS than the limit shown on the front of the coupon, the coupon value is the actual retail price of the turkey. Customer receives the turkey FREE.
- If the price of the turkey or ham is MORE than the limit shown on the front of the coupon, the coupon value is the retail price limit shown on the front of the coupon. The customer must pay the extra amount (i.e the amount of the turkey or ham that is greater than the price limit on the front of the coupon).

### Cash Office Instructions:

- Coupon is processed through retailer's coupon clearinghouse like any other manufacturer coupon.
- Store will receive redemption value of all coupons, up to the coupon value described above plus a handling charge as described on the back of the coupon.
